General Questions

When & where do you want us to arrive on the wedding day? Do you want us to take pictures of you both getting ready? Keep in mind we would love to allow around 30 minutes to get a few pictures of the surroundings & details before we start taking pictures of you.

Do you want us to capture the moment of the First Look? A first look is the first time that the groom & bride see each other in their wedding attire. This generally takes place before the ceremony. We can help you plan & coordinate this, just let is know.

Are the getting ready, ceremony & reception locations close to each other? How are you traveling from one to the other?

Do you want group family photos taken? If so, when? (Write an "x" next to your selected answer)

Not at all

Before the ceremony

After the ceremony

At reception

Where would be a good place to for the family photos to happen? Keep in mind outdoor portraits will likely use sunlight and will look more natural. Normally, we scout a good place outside of where the ceremony takes place.

Do you want an intimate session of the two of you on the wedding day? These sessions normally take 30 minutes. The best time to do i can take place after the ceremony & before the reception. But please specify if you would want to do it differently.

No

Yes, we can allow at least half-hour away from our guests

If so, where would be a good place for the intimate session to happen?

Are there any special events happening during the reception (Speeches, 1st dance, parents dance, cake cutting, etc.)?

What time, approximately, do you expect the last festivities to take place & when can we go home?

Miscellaneous

These questions are open ended, meaning that you provide as much or as little information as you´d like.

1) From 1 to 10, (1 being mostly posed & 10 being mostly candid) how much of a documentary style do you want us to carry on during most of the day? I.E Would you prefer us to capture it in a natural and candid way or would you like us to move things around & pose people more? For family formals & intimate session we will direct a bit more to make everything work better.

2) Are there any special elements or surprises during your wedding day that we should be aware of?

3) Will the photographers be provided with food?

4) If you had to choose one photograph to walk away from your wedding day with, what would it be? What is the most anticipated moment of your wedding day?

5) Are there any special people you would like to be photographed with? Like grandparents, cousins, friends, etc.
