Couple’s Instagram handles:

Wedding planner contact information:

### Location addresses

Getting ready location for the bride:

Getting ready location for the groom:

Ceremony location:

Reception location:

Other relevant event locations:

# Timeline and arrival

Getting ready time for the bride:

Getting ready time for the groom:

Ceremony time:

Reception time:

Photography coverage end time:

Other relevant event times:

When and where would you like us to arrive? Would you like photographs of both of you getting ready?

We would like to allow around 30 minutes to photograph the surroundings and details before photographing you.

Would you like us to capture a first look?

A first look is when you see each other in your wedding attire before the ceremony. We can help you plan and coordinate it.

Are the getting ready, ceremony, and reception locations close together? How will you travel between them?

# Family photos and couple portraits

Would you like group family photographs? If so, when?

Select an option: ☐ Not at all ☐ Before the ceremony ☐ After the ceremony ☐ At the reception

Where would be a good place for family photographs?

Outdoor portraits can use natural light. We normally scout a suitable location near the ceremony.

Would you like a private portrait session for the two of you on the wedding day?

Select an option: ☐ No ☐ Yes, we can allow at least 30 minutes away from our guests

These sessions normally take 30 minutes and can take place after the ceremony and before the reception. Please tell us if you prefer another time.

If yes, where would be a good place for your portrait session?

Are special events planned during the reception, such as speeches, a first dance, parent dances, or cake cutting?

Approximately when will the final festivities take place, and when should photography coverage finish?

# Photography priorities and other details

These questions are open ended. Share as much or as little information as you like.

On a scale of 1 to 10, how much of a documentary approach would you prefer?

1 means mostly posed and 10 means mostly candid. Would you prefer natural coverage or more direction and posing? We will provide more direction during family photographs and your couple portrait session.

Are there any special elements or surprises during the wedding day that we should know about?

Will food be provided for the photographers?

If you could choose one photograph to remember your wedding by, what would it be? What moment are you most looking forward to?

Are there special people you would like photographs with, such as grandparents, cousins, or friends?

# Vendor information

Optional: Please provide each vendor's name and website or social media page so we can credit their work. Leave anything that does not apply blank.
