Our Style is a mix between documentary & fine art

Documentary: We love to tell the story of your wedding day through our photos through a documentary lens, capturing things as they happen and allowing our couples to enjoy the day. During most of the wedding we photograph what is going on around us, always keeping in mind and anticipating the emotions and moments that you will look back on for the rest of your life. We put an emphasis on capturing your closest friends and family, in order to make sure that you have beautiful memories of the ones that you love on one of the most important days of your life. While we are perfectly happy photographing posed portraits, we also try to deliver natural moments that will allow you to re-live your wedding.

Fine-Art: Having begun our photography career doing landscape photography, we also love to incorporate the natural beauty and settings that we are presented during weddings. Using a balance of light, composition and movement, we try to create a work of art during our portrait sessions that can tell its own story using only one frame. Our fine art photos give us the chance to express ourselves creatively and they motivate and challenge us to develop ourselves as photographers.

| Sessions |

The way we work tries to highlight the natural beauty of places & the connection between our couples. We like to work at sunset or sunrise to have the best natural light for the photos. We usually start at 3 or 4pm depending on the time of the year. We start our sessions by feeling out the situation as well as the couple & determine if you need more direction or if everything is looking natural just the way it is. Our poses are not static, you can talk, interact, cuddle, laugh, etc. And we will help you out to get the most out of the photos.

The most common type of sessions we do are Save the Dates, Engagements, Post-Wedding, Rehearsals or just couples´photos. In terms of locations, we usually shoot in Antigua & Lake Atitlan, butwe are always up for exploring new places or tagging along and take photos of something you enjoy doing together (You can see more info about our Adventure sessions on the next page).

Our sessions include 1h or 2h of coverage with us. We provide a minimum of 80 or 150 fully edited pictures via an online gallery in high resolution Jpg format with all the rights to use them online & print them. To book with us we require a 50% deposit via paypal or bank wire. Send us an email & let´s start planning!

1h - $600

2h - $900
